ISSUES & LEGISLATIVE AGENDA

TOP FOUR PRIORITY ISSUES

PRIORITY ISSUE #1

85-15 VA CHANGES

Issue: The Department of Veterans Affairs (VA) implemented new definitions and methods of calculating the 85-15 Rule, which went into effect October 1, 2021, and has caused harmful outcomes for student veterans. Overall, the VA's new definitions and methods have limited student veterans' choices of academic options. Many of the eliminated programs have career, STEM, and vocational value to student veterans.

ISSUES & LEGISLATIVE AGENDA

TOP FOUR PRIORITY ISSUES

Harmful Outcomes of this 85/15 Policy Changes for Student Veterans:

- Inaccurate percentages reported for Supported Students
- Student veterans unable to use their GI Bill® at their school of choice for the program of study
- Suspended programs with no student veterans enrolled
- Members are reporting STEM programs are being suspended preventing future student veterans from enrolling
- Concerns for our National Guard and Reserve students while they are activated and out of school
- Late announcement from the VA

ISSUES & LEGISLATIVE AGENDA

TOP FOUR PRIORITY ISSUES

Recommendation:

We ask this language to be removed since this is not in the CFR and includes cash paying students utilizing a payment plan with a balance past 30-days. NAVPA asks for the help of Congressional leadership to interpret the true intent and spirit of the law as written to protect the student veteran and their GI Bill[®] to attend the approved school and program of their choice.

PRIORITY ISSUE #2

SECTION 1019 IMPLEMENTATION

Issue: The VA's interpreting the new law as applying to all debts to institutions regardless of how or when the debts were created

ISSUES & LEGISLATIVE AGENDA

TOP FOUR PRIORITY ISSUES

Recommendation:

NAVPA recommends VA follow the law as written and administer valid student debt to the student. VA has the authority to work with these students with payment plans or forgive the debt altogether based on extenuating circumstances.

PRIORITY ISSUE #3

ARMY IGNITED

Issue: After 12-months of implementation of Army IgnitED, the new system is still dysfunctional and inoperable, preventing soldiers from attending school and using their TA benefit.

ISSUES & LEGISLATIVE AGENDA

TOP FOUR PRIORITY ISSUES

Recommendation:

NAVPA is concerned these issues have negatively impacted our student soldiers. NAVPA recommends a call to action. US Army needs to immediately issue a pause on implementation and address the following with institutions:

- Ask for feedback
- Increase transparency
- Add human resources to address processing issues

NAVPA supports an open dialogue roundtable with Army to new procedures being implemented that affects student soldiers. These roundtable discussions will help alleviate any known and unknown issues prior to nationwide execution with the common goal of sustainable workable solutions during transitional periods.

PRIORITY ISSUE #4

NEW THIRD-PARTY COMPLIANCE SURVEYS

Issue: The new third-party contractor, Saint George Consulting, are contacting schools to conduct an in-person Compliance Survey regardless of when the institution last completed their review.

ISSUES & LEGISLATIVE AGENDA

TOP FOUR PRIORITY ISSUES

Recommendation:

While NAVPA understand the necessity of a Compliance Survey, NAVPA asks that the VA be good stewards of taxpayer monies to ensure schools are not redundantly completing a Compliance Survey unnecessarily.

Concerns

Concerns

ELR'S

Issue: Lack of Support

There have been recent job postings by the VA for ELRs across the nation. It is our understanding that the VA is experiencing a major employee shortage. This has been realized in the SCO community from lack of communication from ELRs, missing WEAMS report updates and lack of catalog approvals.

ISSUES & LEGISLATIVE AGENDA

Concerns

Concerns

With the insurmountable number of changes from the VA and implementations of new legislation, it is imperative that responses and questions from institutions are answered and timely. Oftentimes, schools go months without a response or never receive an answer. NAVPA members are reporting they are still waiting for an updated WEAMS report from their ELR from 2020 & 2021.

ISSUES & LEGISLATIVE AGENDA

Concerns

Concerns

NAVPA recommends VA review the current organizational structure and internal policy and procedures to help retain current, productive, and efficient VA employees. A stabilized and trained VA workforce will ensure communication and support functions are in place to better serve our student veteran population and support the institutions administering the GI Bill®.
